A. Duie Pyle Drivers Place at National Truck Driving Championships

WEST CHESTER, PA, August 17, 2010 – A. Duie Pyle, a leading Northeast transportation and logistics provider, is pleased to announce that two of the company's drivers, Leo Flack out of West Chester, PA and Brian Singelais out of Northborough, MA placed second and third respectively in their divisions at the 2010 American Trucking Associations' (ATA) National Truck Driving Championships held this past week in Columbus, OH.

ATA's Truck Driving Championships include top professional truck drivers from around the nation qualifying at state level to advance to the national competition each summer. A. Duie Pyle sent four drivers to the national championships this year.

"The Pyle team was represented by some of our most dedicated people – one driver competing for his first time, another returning for his fifth," said Pete Dannecker, Director of Loss Prevention for Pyle. "This is a significant accomplishment for Leo and Brian, and we congratulate them all for their outstanding commitment to the profession."

Leo Flack of West Chester, PA placed second in the tank truck division and Brian Singelais of Webster, MA placed third in the three-axle division. Also competing for Pyle this year was Rick Sly of Northbridge, MA in the straight truck division, and John Forgione of Clinton, MA in the four-axle division. Nearly 400 drivers from all 50 states competed in Columbus for four days, challenging their driving skills, and knowledge of safety, equipment and the industry.

About The American Trucking Associations

The American Trucking Associations is the largest national trade association for the trucking industry. Through a federation of other trucking groups, industry-related conferences, and its 50 affiliated state trucking associations, ATA represents more than 37,000 members covering every type of motor carrier in the United States.
