A. Duie Pyle Holds Top Rank in the Northeast for Fourth Year Running, Voted by Logistics Management Magazine readers

WEST CHESTER, PA, August 16, 2010 – For the fourth consecutive year, A. Duie Pyle has earned the #1 position in Logistics Management magazine's 27th Annual Quest for Quality Awards in the Northeast and Mid-Atlantic Regional LTL (less than-truckload) category. In addition, the weighted ranking system that established A. Duie Pyle as the #1 LTL carrier in the Northeast also placed the company's Expedited service and Third-Party Logistics service in the top three in the U.S.

"The current economic conditions are testing the service providers in our industry more than ever," said Steve O'Kane, President of A. Duie Pyle, the leading Northeast transportation and logistics provider. "Our annual scorecard is consistent because our service is predictable. And that's what customers are looking for."

Top rankings for A. Duie Pyle extended across their partnership service, with long-time partners Dayton Freight Lines and Southeastern Freight Lines each earning the #1 position in the Midwest/North Central Regional LTL and South/South Central Regional LTL categories, respectively. As three privately-held, family-owned companies, the partnership shares the same core values and commitment to their people, stated O'Kane.

The Quest for Quality Awards are voted on by readers of Logistics Management magazine and are regarded as one of the most important measures of customer satisfaction and performance excellence. Recipients have received the "ultimate vote of confidence," with winners posting the highest scores in the various criteria. The five criteria are on-time performance, value, information technology, customer service, and equipment and operations. The Quest for Quality Awards use a weighted metric and take into account the value that each reader gives each attribute. A. Duie Pyle has been included on the magazine's list of the top five finishers since 1989.
