A. Duie Pyle Awarded NASSTRAC Carrier of the Year, Known for Regional LTL Excellence in the Northeast

WEST CHESTER, PA, May 8, 2009 – A. Duie Pyle, a leading Northeast transportation and logistics provider, was the recipient of NASSTRAC’s 2009 Carrier of the Year Award. The Award was presented at the 2009 NASSTRAC Logistics Conference & Expo on April 29 in Orlando, Florida.

This carrier award is an annual program that recognizes transportation providers on a quantitative scale in five key areas: customer service, operational excellence, pricing, business relationship, leadership and technology. Members of NASSTRAC, who are qualified buyers of transportation services, graded carriers on a 4-point scale in the following LTL categories based upon scope and capabilities: National, Multi-Regional, Regional-Northeast, Regional-Southeast, Regional-Midwest, and Regional-West categories.

“Through this award, NASSTRAC has been encouraging the high performance of carriers for years,” said Eric Morley, director of logistics for Best Buy Company and NASSTRAC’s current president. “NASSTRAC leverages this annual awards program to continually promote performance excellence in various market segments of transportation.”

Also receiving the prestigious NASSTRAC Carrier of the Year Awards for the Regional LTL category were Southeastern Freight Lines in the Southeast category; and Dayton Freight Lines in the Midwest category.

“We are proud to be receiving this award along side both our partner carriers, Dayton and Southeastern,” said Jim Latta, A. Duie Pyle Owner and Vice President of Business Development. “What this tells us is that our customers have found a partnership that works for them. With a successful partner relationship that’s now going on 13 years, our customers know they can depend on A. Duie Pyle for reliable extended coverage beyond the Northeast.”

Jim Latta and Russ Miceli, Vice President of Sales, were on hand to receive the award from NASSTRAC. This year, the company celebrates its 85th Anniversary and three generations of family ownership.
